15 W LED 4' T8 Tube

AC Direct Replacement

This product is applicable in factories, offices, banks, hospitals, shopping centers, subways, schools, and other indoor places which require light of high luminosity and energy saving.

Designed for direct replacement of standard T8 fluorescent tube.

FEATURES & BENEFITS

- 50,000 hours rated life
- Up to 60% energy savings
- RoHS Compliant
- No strobing or flickering

APPLICATIONS

Offices, libraries, supermarkets, hospitals, schools, subway stations, etc.

CAUTIONS

To ensure the tube works properly, please use LED tube under rated conditions.

Please follow instructions carefully for correct tube installation.

Please disconnect the fixture's power supply to avoid electric shock while installing on installing product.

Do not use product in very humid and dusty environments.

Please install the tube on a standard fixture.

Do not look directly at LED light for long period of time as this may cause damage to the eye.

Please contact professional and technical personnel for repair if you encounter any technical problems. Please do not disassemble product by yourself.
